

# MORNING APPEAL

FRIDAY.....AUGUST 16

**THE WHITECHAPEL FIEND.**—The Coroner's inquest on the body of the last victim of Jack the Ripper was resumed to day in London. It had been postponed for a month in order that the police might have time to investigate the circumstances of it and discover the murderer, if they could. The evidence introduced to-day showed that this crime was fully as mysterious as any of its predecessors. The police who have been especially detailed to investigate it testified that they had failed to discover a single clue as to the identity of the crime. The jury thereupon returned a verdict of murder against unknown parties.

The series of crimes which have been perpetrated in Whitechapel are notable not only for their atrocity, but also for their mysteriousness. They have occurred one after another in one of the most thickly settled parts of London, and though a number of women have been murdered and horribly mutilated, there is not a single clue to the perpetrators. It is useless to condemn the London police. They have undoubtedly done all in their power to discover the criminal. It is not that they are negligent or stupid, but that they are opposed by a man of phenomenal shrewdness and cunning.—S. F. Report.

Last March Mataafa and his men did gallant service in saving life and property when an American fleet was wrecked in the harbor of Apia, whereupon it was resolved by the powers at Washington to give Mataafa a whaleboat—not a very costly or impressive present to be given by a great nation for such a service; but, still, more valuable to Mataafa than a gold watch, initiated in diamonds, or a Brewster buggy. The service was, as above said, performed last March. Yesterday one of the navy yard boat builders came down from Mare Island to select wood wherewith to build the boat. It is therefore probable that Mataafa will get his boat, should he live so long, about the year 1892. He may then name it the Red Tape.—S. F. Report.

## An Elixir Victim.

PARIS (Ky.), August 13.—Dr. Brown-Sequard's elixir of life has at last found a victim. Dr. Henry Resending of Bank Lick prepared some of the fluid and injected it into the veins of a decrepit old negro. The manifestations from the patient which followed showed that there was something wrong with the "life elixir," as the doctor died in great agony. It is supposed that blood poisoning was the cause of his death.

The negroes of the village became so incensed at the doctor that he was compelled to leave the country immediately after the disastrous experiment. He cannot be found, and it is supposed that the friends of the deceased have killed him.

**OUR SCHOOL OF AGRICULTURE.**—The Nevada Agricultural College, which is one of the departments of the University required by our State constitution, is free to all who can pass the entrance examination. It affords a thorough English education, and a good training in chemistry, botany, entomology, physics, mathematics, agriculture, horticulture, military and other sciences. The establishment of a labor fund also permits the employment of all the students thus far enrolled in this college, at such wages as enable them to earn a considerable portion of the money required to meet their expenses.

**DON'T CROAK.**—If you don't like the place and its prospects, get out, incontinently. If you cannot build up, stop trying to pull down. A man tacitly proclaims himself a narrow-gauged idiot by remaining in a camp that he is always damning. If you can't get out, go into the brush and smother yourself, and give the coyotes a picnic.—Homer Index.

**MINERS' UNION PICNIC.**—The annual picnic of the Virginia Miners' Union will be held on Saturday, September 7. It has been decided to hold it at Treadway's Park, Carson City. This will be made the boss picnic of the season. Other picnics are under the auspices of some single society, whereas the Miners' Union draw the patronage and have the enthusiastic support of men of all societies. Among its members are men who belong to all the other societies, all of whom combine to work for the success of the annual picnic of the Union.

## What on Earth

Is the reason people will not, cannot, or do not see any difference in cheapness trumps put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. W. H. Chedie, Druggist.

You had better call and get some of Archer Baker's Charcoal Crackers; they are a sure cure for dyspepsia. Parties buying their groceries of Baker will never be troubled with heart disease, liver complaint, indigestion or anything that helps to make life unpleasant. j23 1m
